

# Discover the power of library search.

Experience library search like never before—powerful and information-rich, yet highly intuitive, simple to use and loaded with useful features:

- ▶ Starting with one simple search box, you can find all the library has to offer.
- ▶ Simple, easy-to-use design makes finding information a snap.
- ▶ Cool Web 2.0 features—like tag clouds—help you focus your search by format, collection, subject headings and lots of other ways.
- ▶ Google-like relevance ranking ensures that the best answer rises to the top of your search. You'll see highlights of suggested titles and best of all, no advertisements!
- ▶ Great, detailed information is now just a click away.
- ▶ “Did You Mean?” feature eliminates confusion and corrects common spelling mistakes.
- ▶ Quick preselected links to the library’s electronic and Web-based resources.

And much, much more!

What will you find in the library today? The power is at
