December 2008

Hello! It is almost time for college-bound students to apply for **FAFSA**, the Free Application for Federal Student Aid, which can be found at www.fafsa.ed.gov. This application will get your student qualified for federal grants and loans. It also is required by most schools, states and organizations to qualify for scholarships, grants, work study or aid programs offered by each. Tax return information is required but you can estimate your 2008 information. *The earlier the better when submitting your student's application for consideration of available monies.*

For more information about scholarship and grant resources visit the [Government Documents](#) page or the [AIRC Education Resources](#) page.
