To enjoy Tulsa City-County Library's downloadable audio books you need to install the OverDrive Media Console software on your computer. This software allows you to download, play, or transfer to a personal audio player, & record audio book titles to CD*. This sheet contains basic tips for downloading and installing the Media Console.

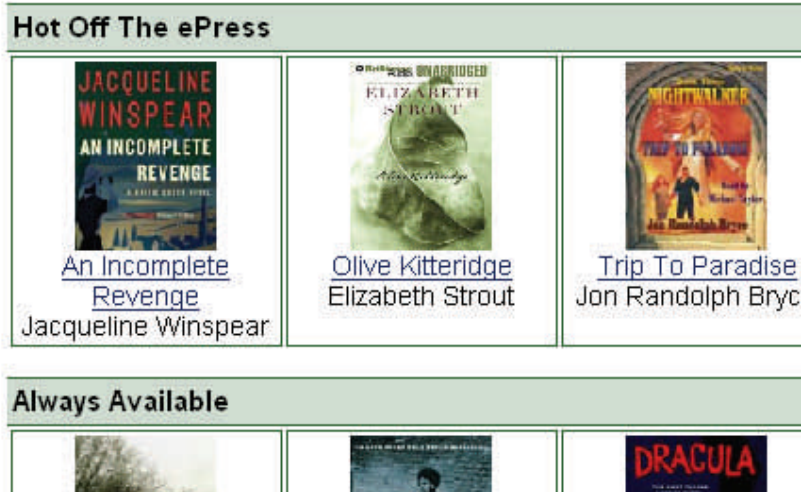

1. Click the **Digital Software** link.
2. Click on the  link to install the OverDrive Media Console.
3. A new page opens. Click the link again.
4. A new page opens. Click the link a third and final time to install the OverDrive Media Console.

The Windows installer will launch & prepare your computer for the software installation.

Note: Digital titles cannot be downloaded to computers located in the library.

[-How to
