

Using Gale Virtual Reference Library (GVRL)

1. You have **remote access** to these reference books with your library card.
2. You can access Gale Virtual Reference Library from a [title search in the catalog](#) or from the library's [Alphabetical List of databases](#) under 'Gale.'
3. You do not need to check them out, but you will need to input your card number and last name to gain access if you're not at the library. You can **search each title individually or all volumes simultaneously**.
 - a. On the left hand side of the page, please choose either "**all volumes**" or "**within this volume**"
 - b. Note that if you choose to search "**all volumes**" you will search not only each volume of Novels for Students but all GVRL titles.
 - c. **To narrow to all volumes within Novels for Students**, you must choose "**within this publication**." You should search either in this manner or as in 3.b. for Novels for Students as this is the only way you will find information on the novel you need.
4. If you need further help in using GVRL titles, please contact AskUs at www.tulsalibrary.org/askus.
