

Visual Literacy (by Lana Voss)

Focus: Compare and contrast the first illustration of the Peters' home with the last.

Pass Objectives:

- 1 Interpret meaning and evaluate illustrations.
- 5.4 Make comparisons and draw conclusions based on what is read and seen.
- 6.2b Compare settings.

Supplies: The Seven Silly Eaters, paper and pencils

Have the students work in pairs so that they can use two books. Using the first and last page illustrations of the Peters' house, list the things that are the same and those that are different. What do these things tell you about the family? Make a list of words that describe the feelings in each picture. Write one sentence using your descriptive words to describe the Peters family.
