## Summer Reading Program:

# IMAGINE YOUR STORY

Tulsa City-County Library's annual Summer Reading Program is a beloved tradition for people of all ages throughout Tulsa County – it is their go-to activity for summer fun, a means for helping maintain reading levels for school-age children and teens during nonschool time, and a series that promotes the joy and love of reading for entertainment and pleasure by people of all ages.

That's why it is so important that we continue this beloved program in 2020. However, this summer TCCL's Summer Reading Program looks a little different so that it's easy for parents, caregivers, children, teens and adults to participate in a manner that helps to maintain the safety and health of our communities. This year's program is offered primarily online and features incentive prizes and drawings for all four age groups (birth to pre-K, children, teens/tweens, adults), special virtual events, fun learning activities to try at home, bingo sheets and more.

*Open the pages of this Activity Guide and start your summer fun!*

# TIPS FOR PARENTS!

# FOR LITTLES

- Babies and young children are not yet able to read on their own. However, research shows that **TALKING, SINGING, READING, WRITING and PLAYING** every day will help them get ready for reading.
- Virtually attend Build A Reader storytimes on the library's Facebook pages and YouTube channel, [www.youtube.com/tulsalibrary](http://www.youtube.com/tulsalibrary), for a fun time for your children but also to learn more about what you can do at home to support your child's literacy growth.
- Find more fun activities to do with your little one in this activity guide or online at <https://tulsalibrary.beanstack.org>.

# LIBRARY BINGO

for Littles

Babies and young children can't read, but doing these 5 activities - **TALK, SING, READ, WRITE** and **PLAY** - will get their brains ready for reading success later on!

TALK	SING	READ	WRITE	PLAY
Go on a walk and talk about all the sounds you hear.	Sing the alphabet together and clap your hands to the beat.	Pick a letter and look for that letter around the room.	Fill a cookie sheet with salt or sand and practice writing your initials.	Crumple up some paper balls and play a toss game into a basket.
Tell your child about a childhood pet or one you wanted to have.	Put beans or rice inside an oatmeal container and tape shut. Shake your new shaker to the beat of a favorite song!	Reread a favorite book. Leave out some words to see if your child can say them.	Make a grocery list together.	Have an imaginary birthday party for a stuffed animal.
Let your child use a flashlight in the dark and talk about what you see.	Play music and move to the beat. Occasionally stop the music and freeze.	Read a book and talk about the parts of the book: cover, title page, back, etc.	Draw a picture and give it to someone you love.	Pretend to be a dinosaur and stomp around the room.
Identify objects in your kitchen and talk about what each one does.	Sing a favorite song from your own childhood.	Read a book that has lots of pictures of babies.	Crumple up newspaper or pieces of paper - that helps strengthen little hands.	Stack books or boxes as high as you can.
Talk about the weather.	Is there a catchy commercial tune you know? Sing it loud!	Read a picture book about an elephant, monkey or other animal.	Play "Itsy Bitsy Spider" and crawl up the fountain spot with your fingers.	Put on grown-up shoes and see if you can walk around.

If you completed one of these activities, you are eligible to receive a FREE Build A Reader booklet with even more activity ideas. Ask for one at your favorite library branch.

# TIPS FOR PARENTS!

Reading for pleasure offers children a chance to experience new adventures and spark their imagination. We encourage parents to:

- Allow your child to check out books based on his or her interest. When children choose what to read, the desire to read is stronger.
- Encourage your child to read to you – and read to your child! Even school-aged children enjoy the care and attention of adults during read-alouds.
- Provide your child with a comfortable, quiet place to read.
- Virtually attend fun events and programs for children on the library's Facebook pages and YouTube channel, [www.youtube.com/tulsalibrary](https://www.youtube.com/tulsalibrary).
- Find more fun activities to do with your child in this activity guide or online at <https://tulsalibrary.beanstack.org>.
