## UNPUBLISHED DEFINITION

If you received remuneration for your work, then it qualifies as having been published. Remuneration includes payment in cash or publications in lieu of cash. For example, if your work was published in a journal and you received copies of the journal as compensation, that work is considered published. If your work has not been published with remuneration, it qualifies as unpublished. If your work has been published in a school newspaper or church bulletin, for example, it is considered unpublished.
