Grow your garden
with the TCCL Seed Library!

Spring has sprung and that means it is time to get your garden started!
A bounty of vegetable, herb and flower seeds are available to
check out from the *TCCL Seed Library*.

The following is an interview with Central Library associate and gardening enthusiast *Johanna Burton*, who coordinates the Seed Library.

> How long has TCCL offered the Seed Library?

It started in the fall of 2014, with two locations – Nathan Hale and Suburban Acres. It is now at nine locations.

> Why did TCCL create the Seed Library?

Well, we first looked at the idea because our customers suggested it! The Seed Library breaks down barriers and opens up access to gardening, to healthy food, to heirlooms and all the stories they tell, to the many foodways in our community, to biodiversity and ecological resilience.

>> CONTINUED

> **How long have you been involved with the Seed Library and why did you get involved?**

From the get-go! I had become interested in seed saving by accidentally letting some carrots go to seed, heard about the idea of a seed library and immediately knew this was something I wanted to make happen.

> **How does the TCCL Seed Library benefit the community?**

It brings people into gardening, expands their options, engages them in seed saving and gets people excited about well-adaptive varieties.

> **What types of seeds are available through the Seed Library?**

Seed availability is seasonal and depends on many factors. Varieties that have been available in the past may not be now. We try to offer seeds around their appropriate planting times. If there is something you would like that we do not have, let us know!

> **The Seed Library is a project of the Green Team. Please give us some more details about the Green Team.**

Right now, the Green Team is working on lots of exciting programs throughout the system like bean growing kits for kiddos and propagating houseplants, as well as some YA programing for the summer. We also share info with staff about green topics like recycling and reuse.

> **What advice would you offer someone who has never tried gardening before but is interested in growing their own food or flowers?**

Start small and follow your passions! The biggest challenge in Oklahoma gardening is keeping up during the summer heat, so make sure your garden is small enough for you to keep watered and weeded. Pay attention to your neighbors' gardens and at the farmers market. Grow whatever brings you joy. Try anything.

Check Out seeds with your library card.

Yes, it's that easy!

The TCCL Seed Library is a collection of open-pollinated and heirloom seeds that you can borrow to plant and grow at home.

Check out seeds (up to 15 packets per season) from the library and grow your garden. Save seed from the best plants and return it to the library for others. Use the library catalog to search for seeds using the keywords “seed library” and post comments about what you’re growing, or go see what’s available at any of our Seed Library locations.

Our seed collection depends on donations, availability and seasonality. You’ll see different seeds available at different times, so check in frequently!

By saving seeds as a community, we help create local seed stocks that are better adapted to our Midwest climate.

Jardines y recuerdos

Por Ana Davis, asistente bilingüe de servicio
al cliente, Biblioteca Regional Martin

Dicen que recordar es volver a vivir, y si eso es así, dejen que les cuente un poco de los recuerdos de mi niñez y mi adolescencia en México. Ahora que el mes de abril está aquí, recuerdo cuando mis papas nos llevaban a mí y a mi hermano al parque la Loma, sobre todo en este mes, ya que en México y varios países de Latinoamérica celebramos el día del niño, además de

que servía como punto de reunión para todos los adolescentes que tomaban la decisión ejecutiva de no ir a clases, en pocas palabras faltaban a clases.

¡Me acuerdo mucho del trenecito! Ese viaje en él, alrededor del parque era una parada forzada, si no te subías al tren era como si no hubieses ido al parque, así

que ese viaje no podía faltar. Uno de los lugares más emblemáticos de la capital Nayarita es sin duda el parque la loma, el cual forma parte de la vida de generaciones completas, en Tepic, Nayarit México, un día de descanso es sinónimo de una visita obligada a este hermoso pulmón de la ciudad, este parque es el mejor lugar para caminar y despejar tu mente, así como para observar y disfrutar de los árboles, flores y todas esas áreas verdes.

Gracias a esos recuerdos, he podido crear mi propio “parque” en casa. Y si te interesa la jardinería te invito a que le des un vistazo a la biblioteca de semillas que TCCL ofrece ya que encontraras una gran variedad de semillas de flores, plantas y vegetales, ve a cualquiera de nuestras nueve bibliotecas o checa en línea donde podrás encontrar una gran variedad de semillas de temporada, y también libros en jardinería. La disponibilidad de

semillas es estacional y depende de muchos factores.

Recuerda que con tu tarjeta de la biblioteca de la ciudad-condado de Tulsa podrás llevarte a casa 15 paquetes de semillas de temporada, además no importa si tienes experiencia en jardinería; contamos con varios formatos como libros o eBook's que te podrán ayudar.

Biblioteca de semillas

www.TulsaLibrary.org/seed-library

Todas nuestras semillas son de polinización abierta y la mayoría son reliquias. Nos esforzamos por fomentar variedades adaptadas localmente, podrás sacar 15 paquetes de semillas por temporada. Guardar semillas requiere un poco de conocimiento, pero tratamos de hacerlo simple para usted. Las semillas se clasifican según la facilidad para guardarlas y tenemos muchos consejos, enlaces y libros para que aprenda más.

Jardinería para principiantes: Colección 3 en 1 por Nancy Ross

Consejos para ayudar a que tus plantas prosperen ¡Mucho, Mucho Más! Aquí está un anticipo de lo que aprenderás sobre la jardinería.

Naturaleza 365: proyectos DIY para conectar con la naturaleza todo el año por Anna Carlile

Cultiva tus propias plantas y semillas, sal a buscar malas hierbas comestibles, fabrica tus propios cordeles y cuerdas a partir de fibras naturales. Moldea arcilla, pinta piedras o iníciate en la lectura de las fases lunares... Naturaleza 365 te propone todo tipo de proyectos y actividades para hacer, construir, cultivar y cocinar redescubriendo la naturaleza.

Reserva semillas

con tu tarjeta de la biblioteca.

¡Sí, es
así de fácil!

La biblioteca de semillas de TCCL es una colección de semillas de polinización abierta y reliquia que tu puedes tomar prestadas para plantar y cultivar en casa.

Saca semillas (hasta 15 paquetes por temporada) de la biblioteca y cultiva en tu jardín. Guarda las semillas de las mejores plantas y devuélvalas a la biblioteca para los demás. Usa el catálogo de la biblioteca para buscar semillas usando las palabras clave “seed library” y publica comentarios sobre lo que estás cultivando, o ve lo que está disponible en cualquiera de nuestras ubicaciones de la biblioteca de semillas.

Nuestra colección de semillas depende de las donaciones, la disponibilidad y los climas estacionales. Verás diferentes semillas disponibles en diferentes momentos, ¡así que consulta con frecuencia!

Al guardar semillas como comunidad, ayudamos a crear existencias de semillas locales que se adaptan mejor a nuestro clima del Medio Oeste.

El Espejo de las Almas

por Mario Escobar

Lovina, comienzos del siglo XIII. En una floreciente comunidad de beguinas -mujeres laicas que decidían vivir juntas apartadas de los hombres, consagradas a sus labores intelectuales y al cuidado de los desamparados- una serie de muertes alteran repentinamente la paz.

Esa Gente

por Chico Buarque

Mientras disfruta de sus paseos peripatéticos por las elegantes calles de su barrio, Leblon, o visita la favela vecina de Viridal, recorremos un Río de Janeiro que, de una forma cada vez más patente, se doblega y sangra bajo el látigo de la injusticia social y económica.

Casi Alcanzar Todo

por Matt Mendez

Juan tiene grandes planes. Va a ser el muchacho de El Paso que salió adelante, va a conseguir esa beca de basketbol para ir a la universidad y va a hacer algo de su vida... algo mejor que la sarta de novios nefastos de Fabi, su mamá. Sólo necesita hacerlo realidad.

Los Mejores Años

por Kiley Reid

Cuando a Emira la detienen en la tienda del barrio acomodado de la familia para la que trabaja de canguro, acusándola de haber secuestrado a la niña a la que cuida, no le cabe duda de que el motivo es el color de su piel.

Sol de Medianoche

por Stephanie Meyer

Cuando Edward Cullen y Bella Swan se conocieron en Crepúsculo, nació una historia de amor icónica. La inolvidable historia, contada a través de los ojos de Edward, toma un camino nuevo y definitivamente oscuro.

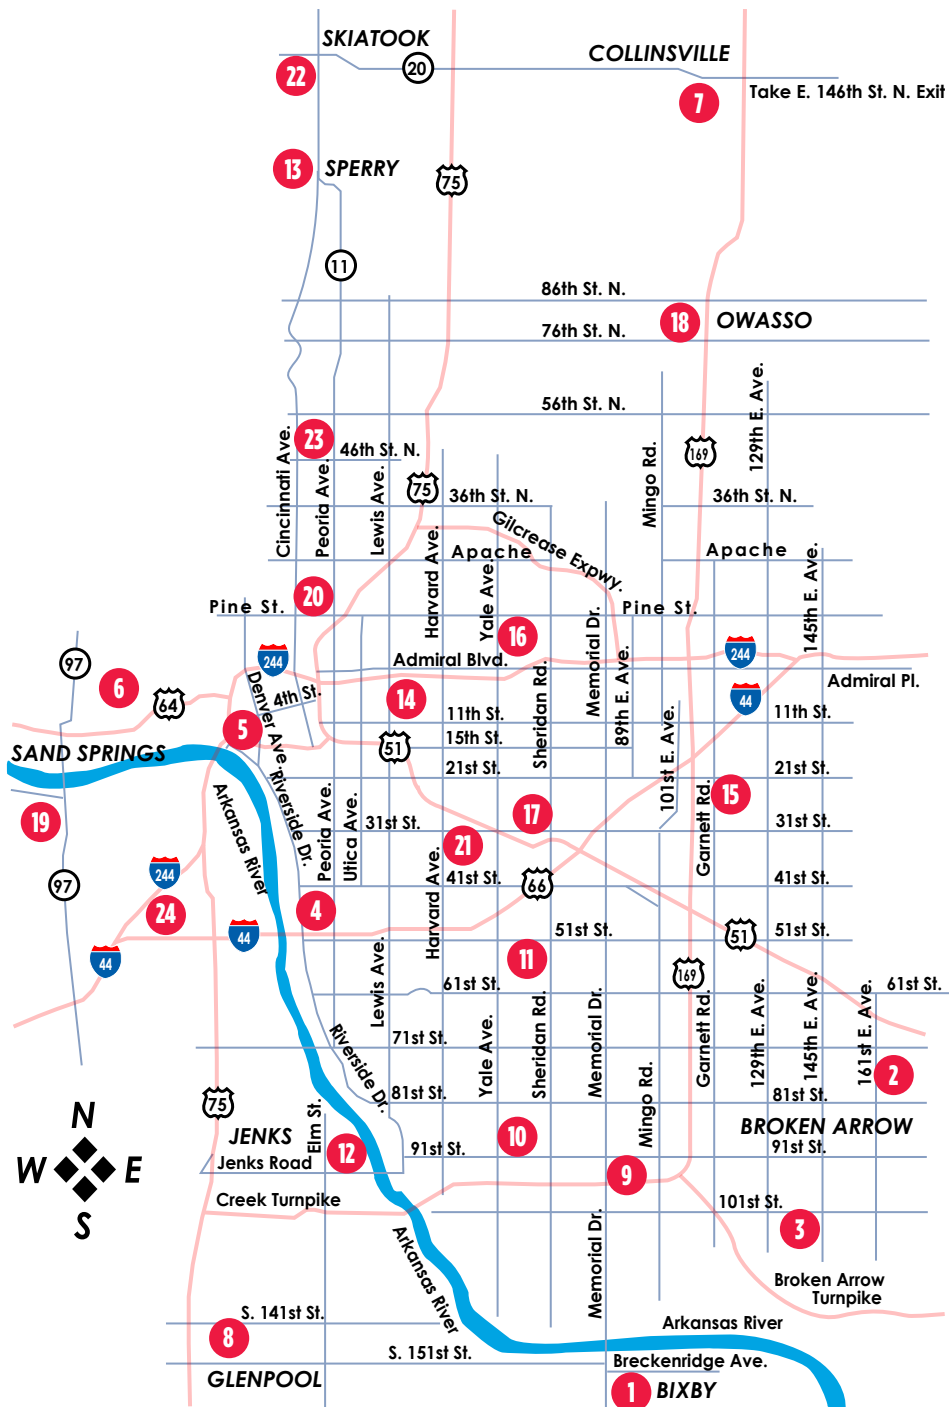

Hombres Que Caminan Solos

por José Ignacio Carnero

Si es cierto que las historias nos salvan, esta es la historia de alguien que se salvó contándola. Es el relato de una depresión, de un vacío repentino en la vida de un hombre que bajo la mirada del autor se convierte en un trasfondo luminoso para hablar de lo importante, de todo aquello que se siente y no se dice.
