# Start the school year strong with

## after-school homework CLUB

@ your library

Homework can be a hassle and a stressor for many students any time of year, especially as they transition back to school from summer break. Tulsa City-County Library is here to help your child start the school year strong with the After-School Homework Club! Registration opens Sept. 1.

The After-School Homework Club (ASHC) provides children with a positive learning experience inside the library. This free service is for students in third through eighth grade who need one-to-one help completing homework assignments in any subject.

Registering for the program provides your child with weekly 30-minute tutor sessions, and all you need is a TCCL library card!

At the start of the 2021 school year, Brendy Fuentes realized her third-grade daughter Alison needed help with her homework. “She was very behind in reading, so I started looking

at options to strengthen her reading skills,” Fuentes said. That’s how they found the After-School Homework Club.

Fuentes enrolled Alison in the service, and they met weekly with a tutor at Martin Regional Library from September 2021 through April 2022. Thanks to these sessions, Alison went

up one whole reading level at school. For this reason, Fuentes believes other children can benefit from the After-School Homework Club.

Fuentes likes how the service has improved her daughter’s reading skills and confidence. She also likes that the After-School Homework Club is free, and that she can read in the library while her daughter is in the tutoring sessions.

“I highly recommend this program because it’s very good,” she said. “Alison has advanced a lot in reading.”

“It’s fun, and I like getting my grades up,” Alison added. She also received math help to tackle homework dealing with addition, subtraction and multiplication.

Though her siblings are younger, Alison looks forward to when they are old enough to use the ASHC. “When he’s 8, he can come get help, too,” Alison said of her little brother. While Alison is receiving tutoring, her siblings visit the library to check out books.

Weekly tutor sessions are offered Monday-Thursday from Sept. 12,

2022, through April 27, 2023, at five TCCL locations: Broken Arrow Library, Brookside Library, Kendall-Whittier Library, Maxwell Park Library and Martin Regional Library.

To enroll your child in the ASHC, register online starting Sept. 1 at **[www.tulsalibrary.org/after-school-homework-club](http://www.tulsalibrary.org/after-school-homework-club)**. Once an online application is submitted, the After-School Homework Club coordinator will contact parents/guardians to set up a time for them to meet with the site facilitator to complete paperwork.

# Become a volunteer homework coach!

In order to provide this much-needed service, the library asks the community for volunteers and homework coaches to work with students at any one of our After-School Homework Club locations. Volunteer homework coaches provide support and assistance to children in grades three through eight who need a little extra help with their homework assignments. These activities take place at one of the library's five After-School Homework Club sites: Broken Arrow Library, Brookside Library, Kendall-Whittier Library, Maxwell Park Library and Martin Regional Library.

At each site, homework coaches work alongside the After-School Homework Club facilitators.

After applying, volunteer coaches are provided an orientation to library resources and are trained on how to ask children the right questions to best support their homework needs.

Apply to become a homework coach at [www.tulsalibrary.org/volunteer-services](http://www.tulsalibrary.org/volunteer-services).

## Volunteer requirements:

- At least 18 years old
- Must be able to commit to weekly 30-minute sessions, Monday-Thursday, Sept. 12, 2022, through April 27, 2023
- Must be self-directed, culturally sensitive and a positive role model for the children with whom they work
- Must be computer and internet literate
- Must be able to write clearly and concisely
- Must have a knowledge of basic school subjects including reading, English, writing, science and mathematics

# Build A Reader helps prepare little ones for future school

Literacy skills are important for children of all ages, whether or not they'll be in school this fall. It's never too early to develop a love of reading in your little ones, and TCCL's Build A Reader program can help you build and maintain that foundation!

## What is the Build A Reader program?

The Build A Reader program helps establish a basis for reading and learning success in children from birth to pre-K through these key activities: talking, playing, singing, reading and writing. Research shows that regularly doing these five things will prepare your child to enter kindergarten with better language and learning comprehension skills ... and that's where our storytimes come in!

Our Build A Reader storytimes are led by professional library staff trained in supporting children's literacy and learning development. Parents learn, too, as storytime leaders demonstrate how and why to incorporate talking, singing, reading, writing and playing when interacting with your children.

## Who is storytime for?

Six different storytime types are offered to meet the needs of all burgeoning young readers ages birth to 5 – as well as parents and guardians! Storytime types include Babies (ages 0-2), Toddlers, Babies & Toddlers, Preschool, Family (ages 0-5) and Bilingual (English and Spanish).

## How and when can you and your child attend storytime?

Storytimes are on break during August but will resume in September. Check back to view listings in the September Event Guide or ask the children's librarian at your favorite TCCL location!

While you wait for in-person storytime events to return in the fall, you can get storytimes at home through our free Build A Reader app. Search for "Tulsa City-County Library" in your app store on your phone or electronic device. Use it to watch videos demonstrating songs and finger plays as well as find great book recommendations for your young ones.

Feria de Recursos para el Regreso a la Escuela

## El Regreso a Clases

Por Ana Davis, asistente bilingüe de servicio al cliente, Biblioteca Regional Martin

Desde que tengo memoria agosto es el mes del fin del verano; aunque formalmente falte casi un mes para que concluya la estación, significa que muchos buscan aprovechar al máximo los últimos días en la playa, en pueblos o ciudades cercanas. El ciclo escolar en cualquier población aumenta el tráfico vehicular, la afluencia de personas en el transporte público, y

>> CONTINÚA

los padres en todas partes empiezan a sentir esa inevitable ansiedad acerca de cómo sacar el máximo provecho del siguiente año escolar. En mi experiencia, anticipar los obstáculos del reingreso y estructurar cuidadosamente las primeras semanas de la escuela ayuda en gran medida a preparar el escenario para un año exitoso. Conforme se van terminando los días largos y cálidos de verano y las presiones de un programa escolar comienzan a pesar en las mentes y corazones de los niños.

No se puede negar que el primer día de clase puede ser una locura. Independientemente de que seas un alumno de primer curso dominado por los nervios o un alumno veterano seguro de sí mismo, volver a ir al

colegio es un momento de transición: clases nuevas, profesores nuevos, horarios nuevos y un nuevo escenario social. La etapa escolar es un período para hacer amigos y para probar cosas nuevas, pero también lo es para aprender habilidades, como la organización y la toma de decisiones, que te servirán para el resto de la vida.

La biblioteca de la ciudad y el condado de Tulsa te ofrece varios servicios que podrán ayudar con este regreso a clases, por ejemplo, tenemos el programa de **El Club de las Tareas**. Para participar en el club de las tareas, necesitan estar registrados, el servicio es gratis y se ofrece de lunes a jueves. Este servicio solo lo encontraras en 5 de las bibliotecas, que son las bibliotecas de Broken Arrow,

Brookside, Kendall-Whittier, Maxwell Park y la Biblioteca Regional Martin. Empezando el 12 de septiembre y culminando el 27 abril. Inscripción al Club De Las Tareas, año escolar 2022-2023 se abre el 1 de septiembre de 2022, las clases son para estudiantes que cursan el grado 3ro al grado 8vo donde los voluntarios les asistirán con las tareas de 30 minutos por sesión.

También ofrecemos el programa de, **Homework HelpNow! (¡Ayuda con la tarea ahora!)** este servicio está en nuestra base de datos ahí encontraras ayuda con tutoría en vivo, laboratorio de escritura, SkillSurfer, juego de tarjetas didácticas y ayuda para estudiantes adultos que están por sacar su GED, así como preparación para el examen de ciudadanía estadounidense, ayuda de Microsoft Office, recursos profesionales, ayuda para escribir un currículum y más.

Si lo que necesitas es capacitación o simplemente quieres aprender algo nuevo, te podría interesar **LearningExpress Library** aquí encontraras herramientas para estudiantes de secundaria, también encontraras ayuda para el examen de admisión a la universidad, habilidades básicas, como matemáticas, lectura, escritura, videos tutoriales interactivos, Windows; así como herramientas de guía para hispanohablantes como carreras y preparación para la ciudadanía en español.

## *Instrucciones para enamorarse* por Nicola Yoon

Evie Thomas ya no cree en el amor. Cuando sus padres se separaron, todos sus ideales sobre el amor se esfumaron. Sin embargo, las casualidades de la vida la llevan a aprender a bailar en la Escuela de Baile La Brea, donde conoce a un enigmático chico. Este libro es para jóvenes.

## *Todo este tiempo* por Mikki Daughtry

Después de un traumático accidente, Kyle se siente perdido hasta que conoce a Marley, quien parece ser la chica de sus sueños, pero a medida que se acercan, teme que se dirija a otro accidente. Este libro es para jóvenes.

Recomendado por Carmen Villanueva, asociada de investigación de referencia en Biblioteca Regional Martin

## *Las gafas de la felicidad* por Rafael Santandreu

Rafael Santandreu es uno de los psicólogos más prestigiosos de España. Este libro se especializa, en ayudar a las personas a desarrollar su fortaleza emocional de una manera sencilla y al alcance de todos. Sin ser un libro de autoayuda, Las gafas de la felicidad nos puede ayudar a mejorar nuestro bienestar emocional siguiendo sus prácticas indicaciones. Este libro es para adultos y jóvenes.

## *El perfecto cerebro imperfecto* por Eduardo Calixto

El libro está escrito por un Médico cirujano mexicano, especializado en Neurociencias y Fisiología Cerebral. En este libro el autor presenta una importante investigación sobre el funcionamiento del cerebro a través de nuestros actos. Proporcionando información sobre lo que es bueno y malo, Eduardo Calixto brinda algunos tips para que nuestro brillante órgano funcione a la perfección. Este libro es para adultos y jóvenes.
