

I am Small but Mighty

I am small but mighty
I wonder if the queen will knight me
I hear them talk the talk
I see me walk the walk
I want to achieve great things

I am small but mighty
I feel as strong as a gorilla
I run as fast as a cheetah
I cry so many tears, it makes a river
I understand I make people shiver

I am small but mighty
I hit with a band and a boom
I worry I struck too soon
I fight like a mighty warrior
I dream of all the trophies in my foyer
I hope they take caution

I am small but mighty
