Una guía mensual de eventos, servicios y recursos de la Biblioteca de la Ciudad y Condado de Tulsa

## TCCL el lugar para aprender una nueva habilidad

Escrito por Ana Davis, asistente bilingüe de servicio al cliente, Biblioteca Regional Martin

La llegada de la primavera marca el momento de guardar la pala de nieve y empezar a hacer planes

para la casa, el jardín, u otro plan de renovación. Hay innumerables programas de televisión que

ofrecen consejos para el jardín, proyectos de renovación del hogar, de autos y más. Si este año quieres

usar tus habilidades creativas, pero no sabes por donde empezar, visita tu biblioteca más cercana.

Por ejemplo, imagínate convertir ese rincón olvidado de tu casa en un vibrante jardín! No es solo una idea para llenar espacios; es una forma de traer vida, color y frescura a tu hogar, transformándolo en un oasis de tranquilidad y belleza. Visita cualquiera de las 24 bibliotecas de TCCL, ahí encontraras libros para personas principiantes en jardinería y no solo eso también encontraras semillas ¡Si semillas! 9 bibliotecas son las encargadas de tener semillas en sus locaciones, pero si ninguna de estas están cerca de ti, visita nuestro catálogo en [tulsalibrary.org/programs-and-services/seed-library](https://tulsalibrary.org/programs-and-services/seed-library) donde encontraras desde grupos de ayuda, libros.

Con tu tarjeta de TCCL podrás encontrar un sinfín de cursos gratis. Si este año quieres aprender a tocar un instrumento, checa **ArtistWorks for libraries**, proporciona acceso a clases de música, canto y arte de primera categoría a través de video clases a tu propio ritmo impartidas por profesionales de la música y el arte altamente cualificados y galardonados con premios Grammy. Visita [tulsalibrary.org/programs-and-services/online-learning](https://tulsalibrary.org/programs-and-services/online-learning) aquí encontraras cursos profesionales en línea en casi cualquier tema que puedas imaginar; aprende un nuevo idioma, y accede a exámenes prácticos y guías de estudio para alcanzar tus objetivos educativos y profesionales. Ahora si lo que a

ti te gusta es la fotografía como a mí, que la verdad no soy muy buena pero el intento le hago, checa **LinkedIn Learning** ¡es una maravilla! A mí me ha funcionado, pues me encanta tomar fotos de la luna. Aquí encontraras tutoriales en fotografía, video, de cómo crear tu propio escenario, tomas de imágenes estabilizadas o de como fabricar paredes falsas para un escenario inteligente.
